

Racine CoC
Section 8 Emergency Housing Vouchers (EHV)
Priority Selection and Workflow Process
September 2021

Background: In April 2021, HUD established the Emergency Housing Voucher (EHV) program funded through the American Rescue Plan Act (ARPA). Through EHV, HUD is providing 70,000 housing choice vouchers to local Public Housing Authorities (PHAs) to assist individuals and families who are homeless, at risk of homelessness, fleeing, or attempting to flee, domestic violence, dating violence, sexual assault, stalking, or human trafficking, or were recently homeless or have a high risk of housing instability (<https://www.hud.gov/ehv>).

The Emergency Housing Voucher (EHV) program is a voluntary, federally funded program. It is administered by WHEDA, which has partnered with the Balance of State Continuum of Care (WisBosCoC) and Racine City and County Continuum of Care to provide EHV assistance in 70 counties in Wisconsin; currently, Milwaukee and Dane counties are being served by other PHAs and CoCs. The EHV program helps qualified families to rent decent, safe, and affordable housing. A family may not own or have an interest in the unit. A household's annual income may not exceed the established limits published by the U.S. Department of Housing and Urban Development (HUD) every year and vary by city or county.

To be eligible for an EHV, an individual or family must meet one of four eligibility criteria:

- Homeless as defined in 24 CFR 578.3;
- At-risk of homelessness as defined in 24 CFR 578.3;
- Fleeing, or attempting to flee, domestic violence, dating violence, sexual assault, stalking (as defined in Notice PIH 2021-15), or human trafficking (as defined in the 22 U.S.C. Section 7102);
or
- Recently homeless and for whom providing rental assistance will prevent the family's homelessness or having a high risk of housing instability as determined by the CoC or its designee following the definition in Notice PIH 2021-15.

TPS-IV.C. PHA SCREENING

Overview

HUD waived 24 CFR 982.552 and 982.553 in part for the EHV applicants and established an alternative requirement for mandatory and permissive prohibitions of admissions. Except where applicable, PHA policies regarding denials in Chapter 3 of this policy do not apply to screening individuals and families for eligibility for an EHV. Instead, the EHV alternative requirement listed in this section will apply to all EHV applicants.

The mandatory and permissive prohibitions listed in Notice PIH 2021-15 and in this chapter, however, apply only when screening the individual or family for eligibility for an EHV. When adding a family member after the family has been placed under a HAP contract with EHV assistance, the regulations at 24 CFR 982.551(h)(2) apply. Other than the birth, adoption, or court-awarded custody of a child, the PHA must approve additional family members and may apply its regular HCV screening criteria in Chapter 3 in doing so.
