

Racine City & County Continuum of Care (WI-502)  
 c/o HALO  
 2000 DeKoven Avenue, Unit #1  
 Racine, WI 53403

October 15, 2024

On behalf of the Racine CoC and Collaborative Applicant, this document serves as a formal notification regarding final project selection and prioritization. A previous notification of the initial selection and prioritization was sent on Friday, October 11, 2024, with an appeal deadline of October 14, 2024, by 12:00:00 PM CST. These dates were previously made public in the competition timeline and posted on the Racine CoC website. We are required by HUD to notify all applicants of the following in a manner other than through eSNAPS.

1. There were no involuntary reductions in funding for any project.
2. There were no increases in funding for any project.

The local appeal deadline was October 14, 2024, and has passed. The only change to the prioritization that is now allowed to be made prior to submission would be to correct the amount of funding in the funding column due to a clerical (typo) error. The appeal procedure to HUD is found in the CoC NOFO on page 120.

The final prioritization that will be submitted to HUD in the Racine CoC application can be found below the signature line of this document. The Planning Grant is not prioritized and there is separate funding for it. Thus, it is not included on the prioritization chart.

Thank you everyone for all your hard work and effort to make our CoC/Alliance strong. If you have any questions, please let me know.

Teresa M. Reinders  
 Director  
 Racine City & County Continuum of Care (WI-502)
