2B. Experience of Applicant, Subrecipient(s), and Other Partners

1. Describe your organization's (and subrecipient(s) if applicable) experience in effectively utilizing federal funds and performing the activities proposed in the application.

The Institute for Community Alliances (ICA) was founded as a small not-for-profit organization in 1990 in Des Moines, Iowa and have staff physically located in the communities that we work with across the nation. Homeless Management Information Systems (HMIS) have been central to our work since 2001. Today, the 125+ member ICA team supports HMIS Lead Agency and HMIS System Administrator functions for over 35 Continua of Care with more than 4,000 licensed database users across 14 states, including Alaska, Georgia, Idaho, Illinois, Iowa, Minnesota, Missouri, Nebraska, New Hampshire, North Dakota, South Carolina, Vermont, Wisconsin, and Wyoming.

Our HMIS background, experience, and expertise have positioned ICA as one of the recognized leading providers of HMIS Lead Agency, System Administrator, and related technical support services in the United States. ICA is committed to delivering in-depth expertise and custom solutions and services to help communities and agencies achieve their full potential in assisting vulnerable families and individuals. We collaborate with others that share our interest and desire to capture and utilize quality data and align resources to address housing stability, food security, and related social concerns.

Some unique characteristics that set us apart:

* A proven 32+ year tradition of community-wide collaboration, cooperation, communication, relationship building, problem-solving, and responsiveness to identified and emerging needs. *Over 20 years of agency experience in the role of HMIS Lead Agency and System Administrator. *ICA director-level staff who are dedicated to sharing nearly 75+ collective years of expertise and knowledge regarding HMIS and comparable community information systems and *Capacity to scale projects appropriately, while leveraging a national network of resources, including best practices and standards, proven community data management models, and a large circle of expertise beyond the ICA network.

As the HMIS Lead ICA currently works with the CoC to ensure the CoC HMIS meets all federal regulatory guidelines and can accurately produce funder and CoC required data reports. ICA, in accordance with the Housing First philosophy, works to ensure that data entry into HMIS provides as low a barrier as possible for clients accessing services within the CoC. In addition, ICA provides comprehensive services from working with agencies at the front end to ensure complete and accurate data entry into the system, to providing the CoC with different levels of data reports and analysis to allow the CoC to make data driven policy decisions.

2. Describe your organization's (and subrecipient(s) if applicable) experience in leveraging Federal, State, local and private sector funds.

ICA has been receiving federal and state grant funding since its incorporation in 1990, with a primary focus on projects that assist homeless and low-income persons, and has been applying for, and receiving HUD Continuum of Care (CoC) grants specifically for HMIS projects since 2003. ICA presently receives and directly administers HUD CoC and ESG HMIS grants that total over \$15 million annually.

ICA completes an A-133 audit each year and has maintained a "low risk" auditee status for many years.

ICA will submit an eLOCCS draw on a monthly basis and will maintain all required backup documentation. ICA's fiscal team will review the CoC grant spend-down on a semi-monthly and quarterly basis to ensure annual spend down of the grant funds.

3. Describe your organization's (and subrecipient(s) if applicable) financial management structure.

ICA is a 501c3 private, not for profit organization with a Board of Directors, management staff, onsite financial manager, and front-line staff across fourteen states. ICA has a leadership team comprised of the Corporate Executive Officer, Corporate Operating Office, Corporate Financial Officer, and seven State Directors. ICA also employs a consulting accountant on a part time basis to provide an independent reconciliation of accounts and to verify other financial tasks performed by ICA staff.

All expenses are reviewed for eligibility by the HMIS Director and the Fiscal Operations Manager (FOM). Coding of expenses are entered into ICA's financial software QuickBooks by the CFO as outlined in ICA's approved Cost Allocation policy. After all monthly expenses have been entered, a Profit and Loss Statement (P&L) is generated. This P&L is then reviewed to identify outstanding expenses that have not been previously submitted for reimbursement. All required expense backup documentation is collected to maintain in ICA billing records. The Grants Manager and the HMIS Director meet monthly to review project spenddown to ensure all funds are allocated and spent during the appropriate time period. The Grants Manager and HMIS Director stay in close communication throughout the grant funding period to ensure progress is being made to reach deliverables as well as to expend funds to meet funder deadlines. Additionally, ICA undergoes an independent A133 audit annually, through which ICA has maintained a "low risk" auditee designation for many years.

4. Are there any unresolved HUD monitoring or No OIG audit findings for any HUD grants (including ESG) under your organization?

3B. Project Description

1. Provide a description that addresses the entire scope of the proposed project.

This Racine CoC Coordinated Entry System will use multiple access points. At each access point participants will receive a standardized pre-screening and assessment approach. All persons will be able to access CE at The HOPES Center, Burlington Transitional Living Center, Women's Resource Center, or Homeless Assistance Leadership Organization (HALO). Participants sleeping in emergency shelters will be connected to CE through the shelter case managers. Participants sleeping on the streets will be connected to CE through street outreach workers. When persons fleeing domestic violence present at any access point, the participant will have the option of connecting with services specifically designed to meet the unique needs of the subpopulation or using the general CE system.

The CE system will utilize a standard assessment approach. All participants in need of permanent housing will be assessed using the Racine CoC Homeless Assessment tool. The assessment process will be client-centered and allow for participant autonomy. Assessments will take place at all access points. All staff conducting assessments will be trained so that all assessments are conducted in the same manner. Assessors will use culturally and linguistically competent practices, and will conduct trauma-informed assessment of participants. The referral process will be conducted through the HMIS. Staff at each access point will make referrals to the housing priority list, and staff at permanent housing agencies will accept referrals from the priority list. The CE Manager will oversee the referral process, and will direct the case managers and outreach workers to follow-up with participants on the priority list.

The CoC CE system will use standardized housing placement prioritization that will be determined through a report generated through HMIS. This report incorporates the housing prioritization ranking criteria. The CE system will utilize housing placement meetings in order to allow case workers an opportunity to provide additional information needed for housing prioritization.

2. For each primary project location, or structure, enter the number of days from the execution of the grant agreement that each of the following milestones will occur if this project is selected for conditional award.

- 4. As an SSO-Coodinated Entry project answer the following questions:
- 4a. Will the coordinated entry process cover the Yes CoC's entire geographic area?
- 4b. Will the coordinated entry process be affirmatively marketed and easily accessible by program participants seeking assistance?
 - 4c. Describe the advertisement strategy for the coordinated entry process and how it is designed to reach those with the highest barriers to accessing assistance.

New Project Application FY2023	Page 27	08/24/2023	

The CE System will use multiple access points. Information about access points will be provided to potential participants via food pantries, health clinics, mental health providers, schools, and law enforcement. Information will also be provided through the county workforce development center and on the Racine CoC website. Street outreach workers will connect participants living in places not meant for habitation to the CE System. Advertisement materials will be available in English and Spanish. The CE System will utilize a language access phone line to ensure that all participants are able to receive assistance

4d. Will the coordinated entry process use a Yes comprehensive, standardized assessment process?

4e. Describe the standardized assessment and referral process that directs individuals and families to appropriate housing and services.

Staff at each access point will make referrals to the housing priority list, and staff at permanent housing agencies will accept referrals from the priority list via HMIS and case conferencing meetings. The CE Manager will oversee the referral process, making sure the access points make referrals for homeless participants and that housing agencies are taking referrals off the list. The CE Manager will also direct the case managers to follow-up with participants on the priority list to determine if the participants are still in need of housing and need to remain the priority list. The CE System will also utilize bi-weekly housing placement meetings to work on obtaining CH documentation for PSH eligibility. These meetings will be managed by the CE Manager. Housing placement meetings will provide case workers an opportunity to provide additional information needed for housing prioritization.

4f. If the coordinated entry process includes Yes differences in access, entry, assessment, or referral for certain subpopulations, are those differences limited only to the following groups:

- (1) adults without children;
- (2) adults accompanied by children;
- (3) unaccompanied youth;

These VAWA cost categories can be added to a new project application to create a CoC VAWA Budget Line Item (BLI) in e-snaps and eLOCCS. The new BLI will be added to grant agreements and utilized the same as other CoC Program BLIs in e-snaps and eLOCCS. Eligible CoC VAWA costs can be identified in one or both of the following CoC VAWA categories. Examples of eligible costs in these cost categories are identified as follows:
