2A. Project Detail

1. **CoC Number and Name:** WI-502 - Racine City & County CoC
2. **Collaborative Applicant Name:** Homeless Assistance Leadership Organization, Inc.
3. **Project Name:** CoC Planning Project FY2026
4. **Component Type:** CoC Planning Project Application

2B. Project Description

1. Provide a description that addresses the entire scope of the proposed project and how the Collaborative Applicant will use grant funds to comply with 24 CFR 578.7:

Grant funds primarily support staff to carry out the Collaborative Applicant's (CA) responsibility to prepare and submit the collaborative application, as well as responsibilities delegated to the CA; and staff to support the CoC to carry out its responsibilities.

Staff work closely with CoC Leadership, membership, and the community on the overall strategy to address homelessness in the City and County of Racine. Staff facilitate committee and workgroup meetings, maintain meeting minutes and attendance records, communicate with the membership and community, including recruiting new members and Board members.

Staff collaborate with the HMIS Lead Agency to monitor agency participation in HMIS, privacy & security compliance, data quality, and compliance with HUD and CoC standards.

Staff participate in the coordination of system delivery & system performance, point-in-time & gap analyses, Consolidated Plan and Annual Action Plan review and input with 2 ESG jurisdictions, coordination of State of Wisconsin and City of Racine ESG applications, and performance monitoring of ESG projects.

Collaborative Applicant staff work closely with CoC providers and stakeholders to prepare and submit the CoC NOFO, as well as oversee monitoring and evaluation of CoC-funded projects.

One of the objectives for this funding cycle is to develop a more efficient, cohesive, and coordinated service delivery system. Included in this objective is the development of best practices and strategies to effectively address substance use and serious mental health disorders in the homeless population. Another priority is the development of programs addressing barriers to employment, and employment opportunities. Diversion is being explored as a strategy to decrease the number of individuals experiencing first time homelessness and returns to homelessness. The following activities will continue or be implemented over the next funding cycle.

1. Continue analysis of system performance metrics, specifically length of time homeless and number of first-time homeless, using the data collected from our system performance qualitative study and quantitative figures.

2. Increase organizational and individual membership, and active participation in the CoC. Our membership has experienced a decline in membership meetings and committee/workgroup activities since COVID, and while undergoing the process to change the Collaborative Applicant. Re-implementing our quarterly speaker and training meetings, in addition to quarterly membership meetings, are instrumental to creating awareness of programs and resources available to CoC members and the community. Resuming hybrid in person/virtual meetings rather than virtual meetings will increase unity and collaboration among members and the community.

3. Provide leadership and structure to our committees and workgroups. An ad hoc committee is currently evaluating our committee/workgroup structure, including committee/workgroup role descriptions. Goals and objectives will follow. Additional support and mentoring will be provided to new workgroups and committees, such as the Housing Workgroup and Professional Development and Training Workgroup to encourage participation.

2. Describe the estimated schedule for the proposed activities, the management plan, and the method for assuring effective and timely completion of all work.

First Quarter: January – March 2027

Structure, goals, & outcomes will be finalized for committees/workgroups. Ownership of tasks will be established to accomplish goals and outcomes for 2027.
