

Before Starting the Project Application

To ensure that the Project Application is completed accurately, ALL project applicants should review the following information BEFORE beginning the application.

Things to Remember:

- Additional training resources can be found on the HUD.gov at https://www.hud.gov/program_offices/comm_planning/coc.
- Questions regarding the FY 2022 CoC Program Competition process must be submitted to CoCNOFO@hud.gov.
- Questions related to e-snaps functionality (e.g., password lockout, access to user's application account, updating Applicant Profile) must be submitted to e-snaps@hud.gov.
- Project applicants are required to have a Unique Entity Identifier (UEI) number and an active registration in the Central Contractor Registration (CCR)/System for Award Management (SAM) in order to apply for funding under the Fiscal Year (FY) 2022 Continuum of Care (CoC) Program Competition. For more information see FY 2022 CoC Program Competition NOFO.
- To ensure that applications are considered for funding, applicants should read all sections of the FY 2022 CoC Program NOFO and the FY 2022 General Section NOFO.
- Detailed instructions can be found on the left menu within e-snaps. They contain more comprehensive instructions and so should be used in tandem with navigational guides, which are also found on the HUD Exchange.
- New projects may only be submitted as either Reallocated, Bonus Projects, Reallocated + Bonus or DV Bonus. These funding methods are determined in collaboration with local CoC and it is critical that applicants indicate the correct funding method. Project applicants must communicate with their CoC to make sure that the CoC submissions reflect the same funding method.

- *Capacity to scale projects appropriately, while leveraging a national network of resources, including best practices and standards, proven community data management models, and a large circle of expertise beyond the ICA network.

As the HMIS Lead ICA currently works with the CoC to ensure the CoC HMIS meets all federal regulatory guidelines and can accurately produce funder and CoC required data reports. ICA, in accordance with the Housing First philosophy, works to ensure that data entry into HMIS provides as low a barrier as possible for clients accessing services within the CoC. In addition, ICA provides comprehensive services from working with agencies at the front end to ensure complete and accurate data entry into the system, to providing the CoC with different levels of data reports and analysis to allow the CoC to make data driven policy decisions.

2. Describe your organization's (and subrecipient(s) if applicable) experience in leveraging Federal, State, local and private sector funds.

ICA has been receiving federal and state grant funding since its incorporation in 1990, with a primary focus on projects that assist homeless and low-income persons, and has been applying for, and receiving HUD Continuum of Care (CoC) grants specifically for HMIS projects since 2003. ICA presently receives and directly administers HUD CoC and ESG HMIS grants that total over \$9.1 million annually.

To ensure financial accountability ICA has a monthly fiscal meeting with our consulting accountant. The accountant examines each grant within each project to ensure that funds are appropriately utilized, and grant requirements are being met. In addition, she reviews the work of our Fiscal Operations Manager in our bookkeeping system. ICA completes an A-133 audit each year and has maintained a "low risk" auditee status for many years.

ICA will submit an eLOCCS draw on a monthly basis and will maintain all required backup documentation. ICA's fiscal team will review the CoC grant spend-down on a semi-monthly and quarterly basis to ensure annual spend down of the grant funds.

3. Describe your organization's (and subrecipient(s) if applicable) financial management structure.

ICA is 501c3 private, not for profit organization with a Board of Directors, management staff, onsite financial manager, and front-line staff across fourteen states. ICA has a leadership team comprised of the Chief Executive Officer, Executive Director, Associate Executive Director, and six State Directors. ICA also employs a consulting accountant on a part time basis to provide an independent reconciliation of accounts and to verify other financial tasks performed by ICA staff.

All expenses are reviewed for eligibility by the HMIS Director and the Fiscal Operations Manager (FOM). Coding of expenses are entered into ICA's financial software QuickBooks by the FOM as outlined in ICA's approved Cost Allocation policy. After all monthly expenses have been entered, a Profit and Loss Statement (P&L) is generated. This P&L is then reviewed to identify outstanding expenses that have not been previously submitted for reimbursement. All required expense backup documentation is collected to maintain in ICA billing records. The Grants Manager and the HMIS Director meet monthly to review project spenddown to ensure all funds are allocated and spent during the appropriate time period. The Grants Manager and HMIS Director stay in close communication throughout the grant funding period to ensure progress is being made to reach deliverables as well as expend funds to meet funder deadlines. Additionally, ICA undergoes an independent A133 audit annually, through which ICA has maintained a "low risk" auditee designation for many years.

4. Are there any unresolved HUD monitoring or
OIG audit findings for any HUD grants (including
ESG) under your organization? No

3B. Project Description

1. Provide a description that addresses the entire scope of the proposed project.

This HMIS Expansion will expand the use of HMIS reporting and project analysis throughout the CoC. These funds will be used to increase HMIS staff in the Racine CoC from .125 to .250 FTE and increase system usage. The Racine CoC HMIS staff will provide training and technical assistance related to reporting. This project will ensure the CoC has an operational HMIS for reporting and evaluation purposes that meets all of the federal data and technical standards. The project will cover the following concepts:

Technical Assistance – ICA strives to have an initial response time within two hours to ensure accurate understanding of the issue. If an immediate solution cannot be provided, the system administrator will inform the agency of the steps that will be taken to address the issue and provide regular updates to that agency as progress is made.

CoC Performance - ICA provides oversight and actively manages the collection and reporting of all HUD report formats. This includes planning for and the implementation of data collection and reporting for the HEARTH performance outcomes. These tasks are done in coordination with CoC leadership. Many of these reports are run on a monthly or quarterly basis to monitor data completeness and performance throughout the year.

Point in Time - ICA staff review PIT data accuracy and follows up with agencies. Once all data collection and validation is completed, the data is submitted to HUD’s Homeless Data Exchange (HDX) for the PIT count and the Housing Inventory Chart (HIC). In addition, a final PIT report is provided to the CoC. ICA also takes an active role to support the unsheltered counts across all CoCs and includes that data with the HDX submission.

Data Analysis/Reporting – Project specific, Agency, and CoC level system performance measures are critical to show success of investments in strategies to reduce the number, frequency and duration of homeless episodes in the CoC. Once fully staffed, ICA will provide reports that allow agencies to monitor their progress toward annual goals of the CoC, including system performance measures. Additionally, reports will be available for the CoC to determine progress on system goals developed locally, and performance goals established by HUD. ICA staff possess an in-depth understanding of the system-generated reports for federal funders, including the HUD Annual Performance Report (APR), the HOPWA APR and Consolidated Annual Performance and Evaluation Report (CAPER), the VA Supportive Services for Veterans and Families (SSVF) Data Quality Report, the Emergency Solutions Grant (ESG) CAPER, and the Projects for the Assistance in the Transition from Homelessness (PATH) report.

4A. HMIS Standards

1. Is the HMIS currently programmed to collect all Universal Data Elements (UDEs) as set forth in the FY 2022 HMIS Data Standard Manual? Yes

2. Does HMIS produce all HUD-required reports and provide data needed for HUD reporting? (i.e., Annual Performance Report (APR)/CoC reporting, Consolidated Annual Performance and Evaluation Report (CAPER)/ESG reporting, Longitudinal System Analysis (LSA)/Annual Homeless Assessment Report, System Performance Measures (SPM), and Data Quality Table, etc.). Yes

3. Is your HMIS capable of generating all reports required by Federal partners including HUD, VA, and HHS? Yes

4. Does HMIS provide the CoC with an unduplicated count of program participants receiving services in the CoC? Yes

5. Describe your organizations process and stakeholder involvement for updating your HMIS Governance Charters and HMIS Policies and Procedures.

The HMIS Lead Agency works closely with the HMIS Advisory Board, which is made up of a representatively diverse group of HMIS system users, homeless service agencies, policy makers, and CoC leadership from all four HUD recognized continua to create, review, and update both the Governance Charter and the Policies and Procedures on an annual basis. These governance documents are provided to the CoCs for review and approval. HMIS Advisory Board members and the HMIS Lead Agency are available to the CoC to answer any questions and take suggestions on updates to these documents. Additionally, the HMIS Lead Agency collects feedback and suggestions from HMIS end users and participating agencies throughout the year and incorporate suggestions into the policies where needed.

6. Who is responsible for insuring the HMIS implementation meets all privacy and security standards as required by HUD and other federal partners?

The Wisconsin HMIS Policies and Procedure Manual outlines in writing that the HMIS Lead Agency and HMIS Partner Agencies are jointly responsible for ensuring that HMIS data processing capabilities, including the collection, maintenance, use, disclosure, the transmission and destruction of data, comply with the HMIS privacy, security and confidentiality policies and procedures. The HMIS Lead Agency is responsible for ensuring that the HMIS vendor adheres to its contractual obligations regarding data security and functionality. Each Partner Agency must designate a Security Officer. The Security Officer must be a current HMIS user and may also be the Designated Agency HMIS Contact. The Security Officer is responsible for ensuring compliance with applicable security standards, monitoring HMIS access by users at their agency, and maintaining the security of the HMIS for their agency.

7. Does the HMIS Lead conduct Privacy and Security Training and follow up on privacy and security standards? Yes

8. What is the CoC’s policy and procedures for managing a breach of Personally Identifiable Information (PII) in HMIS?

The Wisconsin HMIS Policies and Procedure Manual outlines in writing that it is the responsibility of the Designated Agency HMIS Contact (typically the Security Officer) or general user at Partner Agencies, to notify the HMIS Lead Agency when they suspect that a user or Partner Agency has violated any HMIS operational agreement, policy or procedure. A complaint about a potential violation must include the user and Partner Agency name and a description of the violation, including the date or timeframe of the suspected violation. Complaints should be sent in writing to the HMIS Lead Agency at wihmis@icalliances.org. The name of the person making the complaint will not be released by the HMIS Lead Agency if the individual wishes to remain anonymous. Users must also report all unlawful access of HMIS and unlawful attempted access of HMIS, including theft of usernames and passwords, to the HMIS Lead Agency. The HMIS Lead Agency will use the HMIS auditing system to investigate and determine the extent of the breach of security. Breaches that result in the release or dissemination of PII from HMIS to the public will be reported to the HMIS Lead Agency cyber insurance provider to determine where liability exists and the appropriate remedies. HMIS users and Partner Agencies must abide by all HMIS operational policies and procedures found in the HMIS Policies and Procedures manual, the HMIS User Agreement, and the Partner Agency Agreement. Repercussions for any violation will be assessed in a tiered manner. Each user or Partner Agency violation will face successive consequences – the violations do not need to be of the same type to be considered second or third violations. Violations do not expire; no regard is given to the duration of time that occurs between successive violations. The user will have their access suspended for a minimum of 30 days and will be required to complete training with the HMIS System Administrator. After the third violation the user will have their license terminated.
